vices in the Episcopal Church.

Body Was Placed in the Crypt in Wade
Memorial Chapel to Await the
Final Disposition By the
Will of the Family.

Cleveland, O., Feb. 20.—The nation, state and home city of Senator Marcus A. Hanna bestowed upon him Friday afternoon their last honors. Funeral services over the remains of the dead statesman were held in St. Paul's Episcopal church, commencing at 1 o'clock. Shortly after the noon hour the casket was taken from the chamber of commerce auditorium and the funeral procession took up its slow march to the church, two miles away. At the head of the column rode a platoon of 12 mounted police, followed by three platoons of Troop A, all mounted on black horses and with swords at carry. The hearse came next and was followed by 100 carriages carrying the pallbearers and official guests, which included members of President Roosevelt's cabinet, Gov. Herrick's staff, the delegations from the senate and house of representatives, members of the Ohio legislature, city officials and delegations from several civic organizations. Immense throngs of people lined both sides of Euclid avenue from the downtown section to the church entrance. Policemen were on duty all along the thoroughfare and vehicles of every description were kept off the street during the progress of the funeral procession.

The Pallbearers.

When the body and its escort reached the church the edifice was closed to all but those who were admitted by card and members of the funeral party. The eight pallbearers, Gov. Myron T. Herrick, Samuel Mather, J. B. Zerhe, W. J. McKinley, A. B. Hough, Andrew Squire, Judge W. B. Sanders and C. A. Grasselli, all personal friends of the dead senator in his home city, removed the flower covered casket from the hearse and with bared heads bore it into the church and placed it upon the catafalque in front of the altar. The casket was closely followed by members of the Hanna family. Mrs. Hanna was supported by her son, Daniel.

J. Pierpont Morgan, the New York financier, was of the family party, and escorted Miss Phelps, a member of the Hanna household. The body was met at the church door by the officiating clergymen, Rt. Rev. W. A. Leonard, bishop of Ohio; Dr. G. H. McGrew, rector of St. Paul's church; President W. F. Pierce, of Gambier, O., college, and Rev. W. H. Jones, rector of St. John's Episcopal church, of which the dead man was a member, who spoke the usual sentences as the body was borne down the aisle. The members of the family took seats near the casket and other friends who had accompanied the remains from Washington were among the mourners.

AMONG THE MOURNERS.

Senators, Representatives, Cabinet
Members and Legislators.

Immediately following the family and friends came Gov. Herrick's staff. Directly behind these came the Washington delegation, comprising Senators Foraker, Perkins, Warren, Fairbanks, Kean, Scott, Beveridge, Kittredge, Cockrell, Martin, McEnery and Wetmore, and Representatives Grosvenor, VanVoorhis, Southard, Morgan, Beldier, Cassingham, Hildebrand, Kyle, Snook, Nevin, Warner, Badger, Garber, Gobel, Jackson, Kennedy, Longworth, Weems, Bartlett, Lucking, Wiloy, of Alabama; Dalzell, Watson, Burke, Currier, Sherman, Rodenburg, McCleary, Hemenway and Calderhead. Next came Secretary Taft, Secretary Wilson and Secretary Cortelyou, representing President Roosevelt. The Ohio legislature and representatives of the National Civic Federation, Loyal Legion of Honor, Sons of the American Revolution and other organizations followed.

When all had been seated the service the Psalms, beginning "Lord, let me see thee," began. St. Paul's choir chanted know the number of my days, that I may be certified how long I live," and "Lord, Thou hast been our refuge from one generation to another." President Pierce, of Kenyon college, read the lesson from First Corinthians, 15th chapter, from the 20th verse to the end of the chapter. "Lead, Kindly Light," a favorite hymn of the senator, was sung by the choir, and then followed an eloquent eulogy by Bishop Leonard.

"Forever With the Lord."

The eulogy was followed by a hymn by the choir, "Forever With the Lord." Dr. McGrew read the creed and prayers, and Bishop Leonard, assisted by Rev. W. H. Jones, followed with the committal services. The anthem, "Lord, Let Me Know Thy Name," by the choir, and benediction by Bishop Leonard concluded the service. The pallbearers again took up the casket. As they proceeded down the aisle, followed by the family, the choir sang the recessional, "Now the Laborers' Work Is O'er." As the assemblage passed out the organist played the dead march from Saul.

Long before the church was emptied the body of Senator Hanna, accompanied only by members of the family and Bishop Leonard, was on its way to Lakeview cemetery, where a tender farewell was taken in Wade Memorial chapel. The only service there was a simple prayer by Bishop Leonard.

The body was deposited in a crypt in the chapel to await final disposition at the will of the family.

As a mark of respect for the dead, business was abandoned from 12 to 2 o'clock throughout the city. For five minutes from 1 o'clock to 1:05 o'clock, traffic on all the steam and electric roads was suspended. During a portion of that time people stood with bowed heads. During the funeral ceremony there was no street car service past St. Paul's church.

LAID IN STATE.

Twenty-Five Thousand People Viewed
Remains in Chamber of Commerce.

The body of Senator Hanna lay in state in the chamber of commerce building from 6 o'clock until a few minutes past 11 o'clock Friday morning as it did the preceding day and during that time it was viewed by 25,000 people. Several thousand still stood in line when the city council visited the hall in bodies and viewed the remains. One of the last persons to enter the chamber while the body lay in state was Mayor Tom L. Johnson. During the interim when the public was excluded until the time for removing the body to the church several officials and personal friends took a last look at the features of the dead senator. First of these was Secretary Dozer. The faithful secretary was visibly affected as he looked upon the face of the man he had served for so many years. Others who were admitted were former Gov. Nash, Secretary of State Laylin and Gen. J. Warren Kiefer. Secretaries Wilson and Cortelyou came in just after the coffin had been closed, but did not ask to have it reopened.

On the way from the church to the cemetery there were marked demonstrations of respect all along the route.

At Adelbert college the faculty and students lined up in front of Hatch chapel and stood with uncovered heads as the cortege passed. At the Euclid avenue car barns there was a similar demonstration.

DYNAMITE LET GO.

Two Carloads Exploded With
Terrific Force on the South-
ern Pacific Near Ogden.

MUCH PROPERTY WAS DESTROYED

At Least Twenty-Four Persons Were
Killed and as Many More In-
jured More or Less.

Five Locomotives Were Reduced to
Scrap Iron and a Big Steam Shovel
Completely Destroyed—Some
of the Injured Will Die.

Salt Lake City, Feb. 20.—A special from Ogden says: Two cars of dynamite attached to a work train on the Ogden Lucin cut-off of the Southern Pacific railroad exploded with terrific force late Friday afternoon at Jackson Station, 88 miles west of Ogden, killing at least 24 persons, injuring as many more and destroying a large amount of property.

The list of dead and injured had not been received up to midnight, but it is thought a large proportion of the victims were Greek laborers. Among the known dead are Conductor George Dermody, of Ogden, and his train crew. It is also reported a fireman named Hurt, with his wife and three children, were killed. The explosion wrecked everything within a radius of half a mile.

Jackson Station was used principally as a telegraph station, but a number of outfit cars were sidetracked at the place for the accommodation of the workmen and their families. Some of these cars, it is stated, were close to where the explosion occurred. The occupants, it is believed, were blown to pieces. The telegraph operator's house was badly damaged and Operator Taylor and his wife were injured. The nearest telegraph office from which messages can be filed is at Lucin, 15 miles from the scene of the explosion.

The accident was caused by a water train running into the two cars loaded with powder. Five locomotives were reduced to scrap iron and the big steam shovel at Jackson Station was completely demolished. As soon as news of the explosion reached Ogden a special with physicians, nurses and stretchers was hurried to the scene. Late Friday night a train arrived from Jackson bringing 12 of the injured. Some of them are apparently lifeless.

FELL THOUSANDS OF FEET.

Two Unknown Travelers Met a Horri-
ble Death in Wyoming.

Meetse, Wyo., Feb. 20.—Two unknown travelers who were journeying along the trail between Meetse and Gold Reef with several packhorses met an awful death. The trail is a treacherous short cut to Gold Reef and is dangerous even in summer, winding along the edge of a ravine nearly 3,000 feet deep.

The men are known to have left Meetse Sunday and have not been heard of since. S. Rydell made the journey this week and found unmistakable evidence that the horses had lost their footing on the icy path and had fallen upon the rocks thousands of feet below.

BANK EMPLOYEES.

Those Receiving Less Than \$1,000 a
Year Should Not Marry.

Chicago, Feb. 20.—There was posted Friday in the Corn Exchange national bank a notice which reads in substance as follows: "Employees of this bank receiving a salary of less than \$1,000 a year must not marry without first consulting the bank officials and obtaining their approval." Officers of the bank stated that their official action was not taken to discourage matrimony under proper circumstances, but that it was foolish for a man to attempt in Chicago to support a wife, to say nothing of a family of several children, on less than the income named.

THE KENTUCKY SOLONS.

Both Houses of the Legislature Ad-
journed Until Next Tuesday.

Frankfort, Feb. 20.—Both branches of the legislature adjourned Friday till Tuesday out of respect to the memory of Representative Harry P. McDonald, who died Thursday night in Louisville, though the senate remained in session two hours and passed several important bills. The senate passed a bill authorizing the state to appeal in misdemeanor cases in order to have the law governing the case certified by the court of appeals. It also passed a bill increasing by \$3,000 the annual allowance for the carrying out of the pure food law. A test vote on the anti-Berea college bill was had on the resolution of Senator Burnam providing for a committee of senators to visit the college and investigate its work. The resolution was overwhelmingly defeated. Bills passed: To require co-partnerships and joint stock companies to designate an agent in this state upon whom process may be served; to authorize any county to issue bonds to build turnpike and gravel roads when such bond issue is indorsed by a vote of the people; to increase the annual appropriation to have food products inspected and analyzed from \$7,500 to \$10,500; to repeal Section 1701 Kentucky statutes, relating to exemption of wages of a laborer from attachment.

CHARGED WITH RIFLING MAILS.

W. R. Henson, Letter Carrier of Louis-
ville, Placed Under Arrest.

Louisville, Ky., Feb. 20.—The acrobatic abilities of Post Office Inspector S. A. Susong were employed Friday in the arrest of W. R. Henson, a letter carrier, charged with rifling the mails. Susong concealed himself in the garret of the substation where Henson was sorting his mail and through holes bored in the ceiling watched the carrier abstract money from a decoy letter. In order to catch Henson with the letter still on his person Susong slid 40 feet down a rope, alighting on Henson's shoulders. Henson confessed that he opened letters containing money in order that he might pay off a mortgage on his mother's home.

A POOL ROOM RIOT.

Six Men Were Shot, One of
Whom Will Die, Near
Madison, Ill.

AN ATTEMPT TO SERVE WARRANTS

A Fusillade Followed in Which Over
Fifty Persons Were Engaged,
Many Shots Being Fired.

The Crowd in the Pool Room Scattered
Hurriedly, Many Fleeing into a
Waiting Illinois Central Train
Until It Became Packed.

St. Louis, Feb. 20.—In an effort to close up a pool room that has for a long time operated in the outskirts of Madison, Ill., across the river from St. Louis, three constables, augmented by a posse of citizens and bearing warrants for the arrest of six men connected with the pool room, precipitated a riot late Friday which resulted in the shooting of six men. One may die.

Wounded: Lee Harlan, druggist, probably mortal; William Schooley, posse-man; Edward Harris, spectator, not seriously; Edward Downs, seriously; two unknown, not seriously.

Warrants had been sworn out before Justice of the Peace Isenmeyer, of Granito City, adjoining Madison, and placed in the hands of Constable John Glass and two other constables for the arrest of Whitfield Brooks and Eugene Wall, of Granite City, and Thomas Riley, Charles Greenfield, Thomas Manley and Martha Johns, of St. Louis, charging them with being connected with the pool room. After the failure of the Madison county grand jury, which recently investigated the pool room, to return indictments, citizens took the matter in hand with the intention of having the pool room closed. Several days ago warrants were issued for State Senator David Nelson, of Missouri, charging him with being a pool seller and Victor Schuler, charging him with conducting the pool room and being custodian of the funds. Schuler was arrested Thursday and gave bond of \$500 pending a hearing. The additional warrants were sworn out Friday and the three constables appeared at the pool room to serve them. Two policemen were within and declared they had arrested the operators of the pool room and were guarding them. Betting was going on as usual at the time. The constables were ordered to leave the premises, which they did after argument. Proceeding through the neighborhood for the next half hour the constables organized a posse of armed citizens numbering about 50 persons.

The constables and posse then returned to the pool room and entered. They were at once ordered out and the doors were ordered locked. The posse demurred, and words followed. One posse-man, it is stated, pointed a shotgun at Policeman McCambridge, who fired a revolver pointed at the ceiling. Firing then became general. The crowd in the pool room scattered hurriedly, many fleeing into a waiting Illinois Central train until it became packed. When the fusillade was over the constables and posse had possession. The bookmakers, however, Friday night asserted that the pool room will be open as usual Saturday. Although the pool room men are now constructively under arrest, the police say they will not permit the citizens to interfere.

MAYSVILLE AND THE WHITE BURLEY DISTRICT.

Maysville to-day extends most cordial greetings to the growers of the white burley tobacco district, as well as to her many visitors from other points. The BULLETIN joins the Board of Trade in warmly welcoming the many who have come to attend the fifth annual tobacco fair and begs to assure all that this welcome is from the heart. The one regret is that our visitors are to be with us so short a time.

The object of these annual exhibitions has ever been a most praiseworthy one—namely, the development of our city in a commercial and industrial way, and the betterment of the condition of the farmers of the surrounding country by stimulating and inciting them to produce the very finest tobacco possible, thus securing for them benefits in a financial way from the enhanced price of the weed. That this last object has been accomplished, to some extent at least, will not be denied. The Continental Tobacco Company, the largest corporation engaged in handling the weed and which purchases a big portion of the white burley crop, bears testimony to this fact. In making a liberal donation (\$250) towards the expenses of the present fair, the company writes the Board of Trade that it finds the crop in this section has been greatly improved as a result of these fairs, and is also better handled by the growers in preparing it for market; and the Continental people therefore make this liberal subscription to encourage these exhibitions and to stimulate the farmers to still greater efforts at improvement along the lines named.

Another thing has been accomplished by these annual fairs, and that is that Maysville has been brought prominently before the world as the center of the greatest white burley producing territory in existence. This fact has been emphasized as never before by these fairs. It has been demonstrated that the Mason County district produces the finest white burley tobacco grown, and that Maysville is in the very heart of this district.

With these facts fully demonstrated, Maysville offers advantages possessed by no other city as a point for the manufacture of tobacco. This is the natural location for a great tobacco manufacturing industry, and Maysville will welcome all such enterprises. We have the raw product at our doors, with a city admirably located as to shipping facilities, and offering other advantages and inducements from a manufacturing standpoint. Come on with your tobacco factories.

Thinks Tobacco Growers Should Feel Cheerful. [Enquirer.]

"The tobacco growers who have their product unsold should be feeling cheerful," said James A. Hutchison, a burley tobacco buyer of Richmond, Va., at the Emery, "for I find prices here running as high as 15 cents a pound, which is pretty stiff. That, of course, is for the best grade, but the lower grades are commanding satisfactory prices for the farmer. No, I do not see that the reciprocity treaty with Cuba has affected the price of burley."

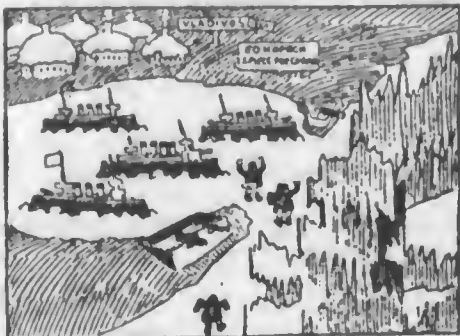

Third Street M. E. Church—M. A. Banker, pastor. Morning services at 10:30; subject, "The Secret of Goodness." Evening service at 7; subject, "The Crucifixion of Our Girls and Boys," being the third in series of sermons on "Modern Crucifixions." Special singing. Epworth League at 6:15, leader, I. M. Lane. Sunday school at 9:30.

Miss Marian M. Mulligan, daughter of Judge J. H. Mulligan, of Lexington, was given a reprimand by President J. K. Patterson, of the Kentucky State College, for attiring herself in the cap and accouterments of an officer of the day attached to the battalion of cadet infantry and parading up and down the hallways of the dormitory. Miss Mulligan stoutly maintained that it was merely a bit of innocent fun, and she might have escaped notice altogether if Mrs. Lucy Blackburn, matron of the girls' dormitory, whom the young ladies have designated "Lucy the Bloodhound," had not happened along just at the time and reported the incident to President Patterson.

FAIR DAY.

Weather a Little Too Wintry But Big Crowd Expected.

Order of Exercises to be Held at the Opera House This Afternoon.

Maysville has a beautiful day for her fifth annual tobacco fair. The only drawback is that the temperature is a little too wintry for the handling of the weed to best advantage, and this will no doubt cut down to some extent the number of samples entered in the various classes. The ice in the river will lessen the attendance from Ohio, as the ferryboat is unable to run.

Notwithstanding these drawbacks a large crowd and a fine display can be counted on. The Augusta Band came up last night and is entertaining the public with choice music this forenoon. They serenaded their newspaper friends this morning.

The court house, as usual, is being utilized for the display of corn, wheat, potatoes and tobacco. The committee is busy classifying the exhibits and awarding premiums this forenoon, and the display will be open to the public this afternoon.

The following program will be observed at the opera house this afternoon, beginning at 1 o'clock:

Chamois LUNGS!

That may sound queer but that is what they are. One may ask how they could live if they had chamois lungs. It is a wonder to us how some people live without wearing one. It is essential to good health to wear one of our

Chamois Lung Protectors!

Being made of one piece of finest chamois and one piece of best felt they will wear longer than those made of cheap chamois and red flannel.

BRAIN LEAKS.

An estate foolishly wasted proves a detriment to the legatee. Your good intentions to provide a competency as evidenced by a life-times' sacrifice may have the opposite effect from the one intended.

MAKE ASSURANCE DOUBLY SURE.

Why not lay up an estate that you know cannot prove other than a benefit—a benefit both in this world and the world to come? An estate in the accumulation of which you will derive pleasure instead of sacrifice? Why not devote a part of your energies toward giving your family a musical education? You yourself will derive much restful pleasure from the sweet harmonious sounds, and will have the satisfaction of knowing that this part of your estate can never be taken from them.

AN ESTATE ENJOYED BEFORE ACCUMULATED

You can buy a piano on easy weekly or monthly payments. It will be delivered to you in advance, and you and your family enjoy it while paying for it. This piano and consequent musical education is an estate that provides a good income for your loved ones; no matter what adversity may overtake them.

PIANOS ARE NOT A LUXURY.

Pianos represent an estate, the income from which is sure and steady. The Smith & Nixon Piano Co. are manufacturers of high-grade pianos and sell direct to the consumer.

THEY SELL YOU AT WHOLESALE PRICE. If you are a thoughtful, provident man, they ask you to look at their samples at

Read what a Mason County farmer says of his Deering Binder:

This is to certify that I bought a Deering Tongue Truck 8 ft. Binder in 1902, and wish to say that it is as far ahead of the old 6 and 7 ft. binders as day is brighter than night. In one day I cut 30 acres of heavy wheat, and without tiring my horses any more than cutting 15 acres with the old 6 ft. binder. It is perfectly free from neck weight or side draft and a pleasure to operate, elevating grain that the old small binders would choke on. Too much cannot be said in favor of this matchless labor saver. I can cheerfully recommend it to all my friends as the binder of the season. Very truly,

Whiskey and Beer Habit

PERMANENTLY CURED BY

"ORRINE,"

A SAFE, SURE AND HARMLESS SPECIFIC

Physicians pronounce drunkenness a disease of the nervous system, creating a morbid craving for a stimulant. Continued indulgence in whiskey, beer or wine eats away the stomach lining and stupefies the digestive organs, thus destroying the digestion and ruining the health. No "will power" can heal the inflamed stomach membranes.

"ORRINE" permanently removes the craving for liquor by acting directly on the affected nerves, restoring the stomach and digestive organs to normal conditions, improving the appetite and restoring the health. No sanitarium treatment necessary; "ORRINE" can be taken at your own home without publicity. Can be given secretly if desired.

CURE GUARANTEED OR MONEY REFUNDED.

Mrs. E. Wyckoff, New York City, writes: "ORRINE" cured my husband, who was a steady drunkard for many years. He now has no desire for stimulants, his health is good and he is fully restored to manhood. He used only five boxes of "ORRINE."

Mrs. W. L. D., Helena, Mont., writes: "I have waited one year before writing you of the permanent cure of my son. He took sanitarium treatment, as well as other advertised cures, but they all failed until we gave him "ORRINE." He is now fully restored to health and has no desire for drink."

M. A. E. L., Atlanta, Ga., writes: "I was born with a love of whiskey and drank it

for thirty-two years. It finally brought me to the gutter, homeless and friendless. I was powerless to resist the craving and would steal and lie to get whiskey. Four boxes of "ORRINE" cured me of all desire and I now have the smell of liquor."

Price \$1 per box. Mailed in plain, sealed wrapper by Orrine Company, 817 14th St., Washington, D. C. Freeing book—Treatment on Drunkenness, (sealed) free on request. Sold and recommended by

See Clay Clement in "The New Dominion" To-night.

Years ago when Clay Clement was unknown in many cities where he is now a prime favorite "The New Dominion" was pronounced a romantic comedy whose purity, sweetness and gentle humor made it idyllic in its charm, while the Hohenstaufen of the actor was accorded its proper rank as one of the most appealing and artistic creations of the modern stage. "The New Dominion" of to-day has not lost one whit of its beauty or interest. Clay Clement and his capable company will be the attraction at the opera house to-night. If you enjoyed "The Professor's Love Story," you will enjoy "The New Dominion" better. Seats on sale at Ray's.

RUSSIA'S REPLY.

The Text of the Note is Withheld at Present.

Washington, Feb. 20.—The state department has received Russia's reply to Secretary Hay's note. It is the present intention to merely acknowledge the Russian note.

While the text of the note is withheld at present, it is understood that Russia attaches a condition to the effect that acceptance of the proposition is not to be regarded as excluding Manchuria from the seat of war.

It is stated that Japan has consented to allow several United States army officers to accompany the Japanese forces in the field as military observers. Not quite so explicitly Russia has indicated that she may be able to accommodate some American military observers after March 15.

Y.) declared that our naval program was to procure a naval force greater than that of Germany. Mr. Foss made an urgent appeal for the upbuilding of the navy, emphasizing the necessity of ship construction in times of peace, with the query: "What would Russia give to-day if she could call back some of her sunken ships?"

Glasgow is probably undergoing a seige that would be hard to impose on any other town in the State. At present she has about twelve cases of well-developed small-pox, twenty cases of measles fifteen of mumps, thirty or forty of "Rosola" and several cases of a peculiar nature not yet named by the physicians. All these are in addition to the regular run of sickness.

HAPPY RESULTS

Have Made Many Maysville People Enthusiastic.

No wonder scores of Maysville people grow enthusiastic. It is enough to make anyone happy to find relief after years of suffering. Public statements like the following are but truthful representations of the daily work done in Maysville by Doan's Kidney Pills.

Mr. W. H. Paul, of Market street near Third, says: "I procured Doan's Kidney Pills at J. Jas. Wood & Son's drugstore, corner of West Second and Market streets, and one box cured me of pains in my back and other evidences of a disordered condition of the kidneys that had given me much trouble for two years or more. This statement of fact is the strongest endorsement Doan's Kidney Pills could have as to their wonderful value."
